Date Principal Superintendent

About this free template

This template is free to use for personal projects: homeschool ceremonies, props, gag gifts, and placeholder framing. Please do not present any filled-in copy as a genuine credential to an employer, school, or government agency.

Printing tips for the best result

- Print at a copy shop on 65 lb or heavier cardstock, ivory or parchment tone
- Choose a matte finish; gloss reads as a poster, not a document
- Fill in names with a fine pen, or add text over the PDF before printing

Want it to look like your actual diploma?

A template can only be generic. ValidGrad prints replica high school diplomas on parchment with embossed seals, matched to real state and school layouts, with an instant digital preview before you pay.
